

Knights of Columbus

Our Mission and Vision

Mission The Knights of Columbus empowers Catholic men to live their faith and serve their family, parish, community and country.

Vision Founded by Blessed Michael McGivney in 1882, the Knights of Columbus is the premier lay Catholic men's organization. Guided by the principles of charity, unity and fraternity, we build lifelong relationships with our members and families. We are multigenerational and international. We offer formation, mutual aid and financial security to members through our charity, products and outreach. We aspire to invite every Catholic man to join the Knights of Columbus and to extend our charitable reach as widely as possible.

We treat our members as brothers.

We foster a high-performing culture that puts people first.

We offer high-quality products and programs people value, supporting their spiritual, insurance, financial and charitable needs.

We continually assess our members' needs and adapt to them.
