REMINDER

ALL GARBAGE/RECYCLING NEEDS TO BE PUT OUT TO THE CURB BY 8:00A.M.

June 28th was perhaps the most devastating day that a person would ever experience. Bernadine and I were very fortunate to have picked one of the spots in the house where we would be spared. The

people who showed up almost instantly were amazing. We were taken to a neighbours house where we spent the night. Our thanks go out to all.

The fire department ambulance, neighbours, friends and family. Manitoba Hydro worked through the rain to install new poles and wire and we had power a few days later. It really shows what a community does for you when you are down but not out. The texts, telephone calls e-mails, the bbq and the gifts are greatly appreciated. My family and close friends came out to help and our local friends and neighbours made them feel welcome and also provided a place to stay. Breakfast, coffee and help with our animals were some other contributions

The community support was outstanding. We criticize our local government but in this case they stepped up to the plate providing the Kiez family and ourselves with security gates. Newspaper, radio and TV people provided us with excellent drone footage of the aftermath which the insurance appreciated. Bernadine and I have relocated to the town of Rossburn where we will spend the winter and decide what the future holds for us. Thanks to everyone .

Bernadine and Brian
